The condition of your meat when delivered to us determines the total yield after being processed.

Please make your processing charges worth the expense... Get the most for your money... take care of your meat!

Please keep in mind that the average deer backstraps weigh approximately 4-5 pounds altogether after being boned and trimmed.

Please do not cut off the shank or cut the tendons as we use them to assist us in hanging your deer in cold storage.

We reserve the right to dispose of any animal or portion thereof that we feel is inedible.

A night drop cooler is available until 10 p.m. for customers who arrive after business hours.

We will call you when your deer is ready

Due to the high volume of deer that we receive - it usually takes several weeks to get your venison back if you have specialty products made.

Our smokehouses run 24 hours a day during deer season, and the Thanksgiving and Christmas Holidays - **Please be patient** - We are working as hard as we can to get your order finished

Deer left longer than 30 days after we call you will be sold for processing charges.

Deer to be caped will require a \$30 capping fee upfront and cape needs to be picked up the same day unless other arrangements are made.
